Metro North Leadership—Now It's Your Turn!

Our Objective

The Metro North Chamber of Commerce accepted a challenge in 1982 to ensure that new leadership be continually added to our business community. The Chamber created Metro North Leadership to identify individuals with leadership potential, strengthen their leadership abilities and develop quality leaders within the community and the Chamber.

Program Highlights

Metro North Leadership equips participants to grow professionally and ascend to the next level in their business and community endeavors via training in several areas from effective communication skills to interacting with elected officials. The program brings diverse people together to broaden their experiences and perspectives.

Metro North Leadership commences each August and continues through June, with one full-day session each month. Each session challenges participants to enhance their management and leadership skills through interactive exercises. The community becomes the classroom as classes are held in a variety of forums throughout the Metro North region.

Participants learn through various channels including presentations given by prominent speakers within the public and private sectors, in-depth dialogue and debates and other interactive experiences. Leadership skills are emphasized in all learning activities.

Testimonials

"Metro North Leadership served as a springboard for me as I pursued leadership roles in my company and community. The program has continued to grow and improve. Metro North Leadership is time and money well spent."

-Troy Whitmore, United Power

"The Metro North Chamber Leadership Program provided me an opportunity to expand my business horizons. It allowed me to network with other professionals in the area and it helped develop a strong community foundation for future growth. I highly recommend the program."

-Terry Melonakis, Melonakis Financial

"The Metro North Leadership program is a great experience. Even if you are currently a leader within the community, the class provides many new insights and perspectives and assures you're headed in the right direction."

-Stephanie John, Community Reach Center

"I participated in the Metro North Leadership Program to learn more about the community, but I received much more than that. I learned valuable leadership lessons and business skills that have benefited my business. The Metro North Leadership Program has paid my investment back many times over."
